Sub: Intimation of Implementation of Light Detection and Ranging (LIDAR) technology at KP Energy Windfarms.

Ref: Disclosure under Regulation 30 of the SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015.

Dear Sir/Madam,

Apropos the captioned subject and our earlier disclosure dated June 27, 2017, we are pleased to inform that Team KP Energy has successfully implemented Windcube, Light Detection and Ranging (LIDAR) technology (developed by LEOSPHERE) at Matalpar Site in Bhavnagar, Gujarat and became one of the first private players in the industry to adopt the unique upgraded system for better accuracy, reduced uncertainty and faster wind statistics availability.

With its unique features, the technology will contribute in evolution of operational continuity in wind assessment of site with higher system uptime and vertical - horizontal exploration of wind data. It shall be utilised to have accurate wind resource assessment and analysis, site suitability, site calibration and power curve measurements.

This is for your information and records.

Thanking you,
Yours faithfully,

For K.P. Energy Limited
